

## **AWARD FOR EXCELLENCE IN INTEGRATING SCIENCE AND MATHEMATICS**

**Description:** SSMA recognizes notable and extensive efforts in higher education and beyond related to the integration of Science and Mathematics with the SSMA Award for Excellence in Integrating Science and Mathematics. The award is given to a person or group who/which has fostered, promoted, and extended the integration of mathematics/science at the elementary, secondary, or university level. The nominee should be a person or group who is active in science/mathematics education and in the development of curricula for the preparation of teachers, educational research, or other activities of significant educational value; thereby showing an impact on science/mathematics education. The competition is open to non-SSMA members but all applicants must be nominated by an SSMA member.

**What is required:** To nominate a person for this award, send:

1. A letter of nomination describing the nominee's contribution the integration of science and mathematics.
2. A personal statement from the nominee outlining the highlights of their work.
3. Support letters from two others in the field of science/mathematics education describing the nominee's impact on the field.

**Awardee:** The Awardee will receive a one-year membership to SSMA, a conference fee waiver to the annual SSMA Convention where the award will be presented, and an invitation to present a session at the Annual Convention about their work. This award may be given annually.
